MEMORANDUM

DATE: March 28, 1995

SUBJ: Latitude and Longitude for RI CERCLIS Sites

FROM: Sharon M. Hayes *SHM*
Site Assessment Manager

TO: CERCLIS File

The latitude and longitude values for this site were calculated by the Rhode Island Department of Environmental Management from their Rhode Island Geographic Information System (RIGIS) coverage. Sites were placed on RIGIS by digitizing locations from the appropriate USGS 7.5 minute quadrangle. Accuracy is approximately \pm 500 feet, but most locations have not been field checked. In addition, values were generally calculated from the center of the site.
